Dear Governor Snyder,

On behalf of Action Restoration Inc., I would like to express our appreciation for the work force development service provided by West Michigan Works! Action Restoration was incorporated in 2007, providing full service insurance repair to our clients who have experienced water, fire or storm damage to their home. Action Restoration is a small family owned business serving all of West Michigan. We pride our company on Respond Recover Restore providing the best service and making sure our staff are fully certified in the industry standard.

I connected with West Michigan Works! Because I needed assistance with finding employees that matches our company values and work ethic in helping our customers rebuild from water or fire damage to their home. Also to keep our current employees certified to the industry standards. Michigan Works helped find a great restoration tech and provided assistance with training and getting our staff certified.

Sincerely,

Matt Postma

President
