

August 16th, 2018

The Honorable Rick Snyder
Governor
P.O. Box 30013
Lansing, MI 48909

Dear Governor Snyder,

On behalf of Federal-Mogul Powertrain LLC, Greenville, MI, I would like to express our appreciation for the workforce development services provided by West Michigan Works! Federal-Mogul Powertrain LLC is a global tier one automotive manufacturer that has over 100 manufacturing sites worldwide and is headquartered in Southfield, MI. At our Greenville, MI facility, we employ 430 employees and produce automotive and heavy duty bearings, bushings, and washers. Our Greenville facility has been in operation since 1940 and has continued to be staple of the West Michigan community.

We connected with West Michigan Works! because we needed assistance with sourcing local talent in West Michigan, specifically for production operators and skilled trades positions, especially given the decreasing unemployment rate and lack of available talent.

Federal-Mogul Powertrain in Greenville, MI has benefited by working with West Michigan Works! because we have been able to host interviews and job fairs at the MiWorks! facility, which is extremely helpful as our plant is not ideal for hosting large numbers of interviews onsite. Additionally, West Michigan Works! has provided us with resumes of job seekers who may have particular qualifications that align with Federal-Mogul's needs. Last, West Michigan Works! has assisted tremendously in the administration of the Skilled Trades Training Fund Grant and has supported our training program under the grant every step of the way. What we find most valuable about partnering with West Michigan Works! is its continuous commitment and dedication to connecting local employers with local job seekers.

Sincerely,

A handwritten signature in black ink that reads 'Caroline Gallagher'.

Caroline Gallagher
