

7/19/2018

The Honorable Rick Snyder  
Governor  
P.O. Box 30013  
Lansing, MI 48909

Dear Governor Snyder,

On behalf of Chassis, I would like to express our appreciation for the workforce development services provided by West Michigan Works! Chassis is a leading global, vertically integrated manufacturer of aluminum and iron cast and machined chassis sub-frame automotive components, forming strength in the industry. Chassis is also the industry's largest single integrated resource for high-quality, precision chassis casting and machining solutions. Chassis Montague has been in business since 1977. We currently have 645 employees serving our customer Ford, GM and BMW.

I connected with West Michigan Works! because I needed assistance with training in our Skilled Trades area. We are finding it difficult to find the experience we would like in this area so the training provided from the STTF grant proves to be very valuable. Michigan Works! helped me reach my goal of getting the right training for some of our employees. My company has benefited by working with West Michigan Works! Because of how easy they make things happen for us allowing more time to get our work here at Chassis done. What I find most valuable about partnering with West Michigan Works! is knowing they are there when we need them.

Sincerely,

A handwritten signature in black ink that reads "Andy Knapp". The signature is written in a cursive, flowing style.

Andy Knapp
