

October 23, 2018

The Honorable Rick Snyder  
Governor, State of Michigan  
P.O. Box 30013  
Lansing, MI 48909

Dear Governor Snyder,

GMB Korea Corp would like to take the time to extend our thanks for having such a great workforce system available to local businesses across the state of Michigan. We have been working with the Oakland County Michigan Works! team and they have been a very valuable resource.

Our company manufactures high precision automotive components for engines, transmissions, and chassis parts that are supplied to OEMs directly, or through Tier 1 manufacturers.

Our team of experts are multi-talented professionals and it can be difficult to find the right individuals with the right skill sets in our area. So sourcing can be a challenge for us. While we don't have a huge, recurring need for new staff, when we do have an opportunity come up, it can be difficult to find qualified candidates. Thankfully, our local workforce system has been able to bridge that talent gap with us. They have been able to allocate time and resources to our needs and help spread the word about our positions, which has been very helpful. They have also provided us with requested labor market information as needed, and included us in conversations about multiple grant participation opportunities in our region.

We would like to thank you and the State of Michigan for continuing to provide such a valuable resource to our business community. These workforce partnerships have allowed us to continue to grow and support the growth of business here in Michigan. We look forward to continued collaborations with the Oakland County Michigan Works! staff and building on that relationship in the years to come.

Sincerely,

GMB KOREA CORPORATION
