Hello Theresa,

I can't express how grateful I am for the Amazing support given to my organization KBP Foods LLC/KFC Franchise.

The flyer you made was world class and truly exceeded my expectations. Also, I appreciate how you allowed me to be a part of the job fair in such a short time of me coming in and making my needs to you known.

The environment was professional and the lay out was Awesome.

We were able to extend two applicants job offers in which they accepted on the spot. One was able to do his onboarding paperwork there at the workshop. This was well worth my time and will be honored to attend more.

I'm so encouraged, and looking forward to continual networking opportunities. Thank you so very much.
