To Whom it May Concern:

I recently visited the Oakland County Michigan Works! Pontiac location on Monday, August 20, 2018 from 10am-1pm, and was treated with exceptional service during my time there. It was my first time visiting this Michigan Works, and I was given a tour and offered a large room in where I could conduct interviews. The interaction between myself and Athena was pleasurable from Day 1 of setting up the initial job fair and making sure I could get in with a room as soon as possible. The room was nicely set up, and the front desk helped with recruiting me some future employees! I look forward to my next visit at Pontiac Michigan Works!

Sincerely,

*Christine M. Fudaly*
