To Whom It May Concern:

Many thanks to our local Oakland County Michigan Works! Novi office.

Without the assistance of Mona Diegel and Michigan Works! the April 23, 2018 West Oakland Regional Job Fair would not have been possible. Mona's expertise has been superior as a partner in planning our Job Fairs. Not only did she provide event suggestions, she also marketed the event which brought many company vendors as well as job seekers.

The City of Wixom values the constant support from Michigan Works! to our local residents and Wixom companies for their employment needs.

Respectfully,
