Dear Governor Snyder,

I am writing to you to share our story about working with Michigan Works! over the past years. We work closely with the local agency when we are looking for people to staff our many vacancies. We hire people to work throughout our large facility which includes a hotel, restaurant and bar, convention center, two golf courses, a gift shop, spa and much more. We can always count on our Michigan Works! representatives to post our positions on the Pure Michigan Business Connect and keep them up to date.

Michigan Works! also helps us inform job seekers about our open hiring events. Information is posted online, on social media and at service centers. They have always provided a high level of customer service and we consider them an integral part of our team. We know we can reach out to them anytime we are in need of assistance of any type.

The Island Resort and Casino is the Upper Peninsula's premier casino & golf resort. We are also the largest employer in Northern Menominee and Southern Delta County. With over 900 employees in our various facilities, we rely on our partnership with Michigan Works! to spread the word about our employment opportunities throughout the region.

We appreciate our positive and ongoing relationship with Michigan Works!

Sincerely,
