

EMERALD

Engineered Decorative Solutions

8/10/18

The Honorable Rick Snyder
Governor
P.O. Box 30013
Lansing, MI 48909

Dear Governor Snyder,

On behalf of Emerald Corporation, I would like to express our appreciation for the workforce development services provided by West Michigan Works! Emerald engineers and manufactures decorative products primarily for the appliance, automotive and medical markets. We offer customers a single source for challenging, multiple-process decorative solutions that require technical expertise and advanced technology. Our operation offers a broad range of contract decorating capabilities including, Class A robotic painting, screen printed appliques, in-mold decorating, laser etching, pad printing, hot stamping and digital printing.

I connected with West Michigan Works! because I needed assistance with finding qualified paint technicians. This position is key to our industry and paint technicians are very hard to find.

My company has benefited by working with West Michigan Works! because we have been able to train several key employees in their specific work areas.

Here is one success story from our Quality Technician that received training.

"The Core Tools – APQP/PPAP Course provided me with the foundation for future grow within my organization.

It provided the basis for further learning within my current professional field.

Emerald has benefited from the acquired knowledge and confidence that these courses have provide me with.

This experience spurred my interest in pursuing further education in the quality field.

I look forward to continuing to expand my professional knowledge to benefit myself and my employer.”
Rosa I. Huerta

Sincerely,

Nicole Taylor

HR Manager

616-871-3020 ext. 240

AUTHORIZATION TO RELEASE INFORMATION
