The Honorable Gretchen Whitmer
Governor
P.O. Box 30013
Lansing, MI 48909

Dear Governor Whitmer,

On behalf of Windemuller Electric, I would like to express our appreciation for the workforce development services provided by West Michigan Works! Windemuller is a medium sized employer that has been in business in Michigan since 1954. We began as an electrical contractor and have since expanded in to automation, communications and IT, electrical services, outdoor utilities, and renewable energy. Project categories that we have worked on include Healthcare, Data Centers, Oil and Gas, Pharmaceuticals, Industrial Manufacturing, Life Sciences, Agricultural, and Public Works.

I connected with West Michigan Works! because I needed assistance with the Going PRO grant. Michigan Works! helped me reach my goal of being able to utilize available grants to help assist with training costs.

My company has benefited by working with West Michigan Works! because we have been able to send more employees to training each year. What I find most valuable about partnering with West Michigan Works! is being able to find several different resources with training and also hiring needs.

Sincerely,

Allyson Baumgard
HR Manager
