

July 2, 2019

The Honorable Gretchen Whitmer  
Governor  
P.O. Box 30013  
Lansing, MI 48909

Dear Governor Whitmer,

On behalf of Hungerford Technologies, I would like to express our appreciation for the workforce development services provided by West Michigan Works! Hungerford Technologies has been providing fixed fee technology consulting, implementation and support to the SMB market since 1999. Our team of 19 employees currently, strives to understand our customer's business objectives and align technology standards to increase their productivity and profitability. Our goal is to stop having surprises with technology, and start utilizing IT to make a difference in our clients' business.

I connected with West Michigan Works! because I needed assistance with training for incumbent workers. We took advantage of the On the Job training program for new hires. We are lucky to have Chris onboard and are happy that we are able to offer him excellent training opportunities. Michigan Works! helped me reach my goal of providing specific training to our tech team.

My company has benefited by working with West Michigan Works! because setting goals and making sure they are measurable and achieved is harder than it sounds! What I find most valuable about partnering with West Michigan Works! is the one-on-one advisory and support from our representative and the professional development awarded to our team members which is invaluable.

Sincerely,

A handwritten signature in cursive script that reads 'Hillary Mullennix'.
