Dear Governor, Whitmer,

On behalf of HighPoint Electric, I would like to express our gratitude for the workforce development services provided by West Michigan Works! HighPoint Electric is a mid-size electrical contractor in West Michigan. We have been in business since 2012 and wish to continue to provide the best electrical services throughout our great state.

I connected with West Michigan Works! to utilize as a constant and valuable resource when we need to recruit local talent. Michigan Works! helped me reach my goal unitizing their vast resources made available to our company. They continue to be an advocate for MI residents and local companies.re

Thank you, West Michigan Works! We are blessed by all the help you provide for us and other companies throughout are area.

Sincerely,
