

April 10, 2019

To Whom It May Concern.

I am Elizabeth Mays, CEO of MCS Multimedia Company.

I was first introduced to Michigan Works early in 2014. I am so very glad for that introduction; because since then, I have had the opportunity to meet, train, equip and employ three exceptional and eager college students. The only things these graduates lacked was opportunity and job experience.

The Michigan Works platform and the stipend Michigan Works provides has been truly appreciated and has helped when I'm seeking new staff for MCS Multimedia.

With that being said, I want to let you know that Ms. Sylvia Korkis and the Southfield Michigan Works supported us wonderfully and professionally. Ms. Korkis followed up every two weeks when she picked up the timesheets from their interns. She ensured that everything was going smoothly and answered any questions or concerns I might have had. They attended workshops at my office before they interviewed and even attended workshops once they were employed.

There is so much more I can say about Southfield Michigan Works and staff. But I will just let you know that I have recommended this program to a few other business owners, and told them how beneficial it could be.

Sincerely,

Elizabeth Mays
CEO, MCS Multimedia
