

To Whom It May Concern,

We are a shop drawing firm specializing in glass and glazing products (curtain wall and storefront).

We have been working in conjunction with the Oakland County Michigan Works! Highland office to fill an drafting/AutoCad internship position. The candidate they provided us with has been a wonderful asset to our team. Without their help, I'm not sure we would have been able to find a candidate like him on our own. Michigan Works! has provided us with an intern who is able to work in a field which he is studying in college, an opportunity to retain him as an employee after his internship has been completed, and a good environment for him to work on his soft skills and future career goals.

We have been very satisfied with our experience with Oakland County Michigan Works! Highland. Prior to meeting with Elizabeth Taylor, we didn't know programs like this existed. It has proven to be a win/win on both sides of the table. We are grateful for this program!

If you have any questions, please feel free to contact me directly.

Thank you,

Lisa Butler
