Dear Ms. Jennifer Llewellyn,

Novi Career Prep High School and Adult Education has had a wonderful collaboration with Oakland County Michigan Works!, Novi. We currently are employing two Paid Interns through the Michigan Works! WIOA program. The interns, who are also high school students at our program, are able to complete their high school requirements while gaining employability skills.

Our students have been able to work with a Michigan Works! Workforce Development Specialist in tasks involving exploration of career interests. As WIOA Youth participants, our students have been receiving guidance in career exploration, training opportunities to consider after high school, employability readiness, and proper worksite manners, punctuality, attire, and communication. Throughout the months that our interns have been with us, they have been a tremendous help to our program, and have gained employment confidence as well.

We are very grateful for our collaboration with Oakland County Michigan Works!, Novi, and wish to express our thanks! We take pride in providing not just high school completion, but also preparation for career readiness, as our school name suggests.

Sincerely,

Linda Cianferra
Novi Career Prep High School and Adult Education Program Coordinator
