

January 31, 2020

The Honorable Gretchen Whitmer
Governor of the State of Michigan
PO Box 30013
Lansing, MI 48909

Dear Governor Whitmer:

I'd like to take a minute to recognize the Oakland County Michigan Works! system and how helpful their services are to the business community. Our company, TRIGO Global Quality Solutions, provides quality inspection staff and quality solutions to the most demanding industries. We address quality challenges and improve production efficiencies, from quality alerts total quality management. But none of this would be possible without properly maintained staffing levels, and that's where Michigan Works! comes in. They take our job descriptions and do mass distributions and promotions on opportunities with our company. Their network of affiliate partners and connection into the job seeker market has been a great asset to us. They have a comfortable, updated meeting space they allow us to use at no charge as well, which is equipped with high end technology and all the amenities we need to conduct job fairs and training orientations onsite at their office.

These services and support have resulted in many new hires coming on board with our company over the last few months. It's been a wonderful partnership, and one we look forward to continuing for years to come.

Sincerely,

LaWanna White
Staffing Specialist
