July 15, 2019

The Honorable Gretchen Whitmer
Governor
P.O. Box 30013
Lansing, Michigan 48909

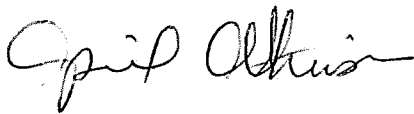

Dear Governor Whitmer:

We are a printing company out of Indian River Michigan. Screen Graphics started out as an offset print shop in Plymouth, Michigan. Our company enjoyed fast growth and success by providing the highest quality printing, while giving our customers the best service. Throughout the decades, Screen Graphics has expanded our operations by adding new technology and providing additional services. Our company moved north to Indian River, Michigan in the mid 1970's, where my father Wes Allen, second generation, continued to expand from offset printing into flat screen-printing and beyond. I am continuing in the footsteps of my father and grandfather by expanding the operations throughout the Midwest.

I would like to take a moment to personally thank you for the support of the Michigan Works! Northeast Consortium. We are located in a rather rural area and sometimes it is a struggle to find employees. Amanda Pauly and the Michigan Works staff in the Onaway office were able to assist us in finding our employees. Amanda posted our positions for general labor and a unique position of a part time social media-marketing professional. Our general laborer position was filled by a client that was working with the Onaway office and with the promoting of our ad for the remote marketing position we had a huge response and we were able to hire someone right away. We have discussed the all of the opportunities Michigan Works! provides to businesses and will be working with Amanda in the future with our continuing growth and success.

Thank you for your generous support of the Michigan Works! Programs that assist businesses throughout our state. We look forward to working with Michigan Works! In the future.

Sincerely,

April Atkinson
CEO
Screengraphics Incorporated
